EMERGENCIES PROTOCOL:

Here are the steps to follow:

- Call 911 for an ambulance
- Call the campground owners, Nathalie at 514-516-4315 or Sylvain at 514-718-6004. Calls to the campground number (450-827-1082) are automatically redirected to Nathalie's cell phone.)

A defibrillator is available at the office.

Why call us?

1. We'll open the gate for the paramedics and direct them to your site.
2. We'll come to your campsite to provide first aid while you wait for the ambulance to arrive, since Sylvain, Nathalie and our national lifeguards have a first aid course.

Having at least two staffs on site allows us to act very quickly and avoid having an emotionally involved camper lead the paramedics to the affected camper's site by performing dangerous maneuvers.
